# ***Introductory Section***

December 17, 2014

Honorable Chairman and Members  
of the Board of Directors  
Redding Area Bus Authority  
Redding, California

Honorable Members:

In accordance with state and local statutes, the Redding Area Bus Authority (RABA) hereby submits the Comprehensive Annual Financial Report for the years ended June 30, 2014 and 2013. Management assumes full responsibility for the completeness and reliability of the information contained in this report, based upon a comprehensive framework of internal control that it has established for this purpose. Because the cost of internal control should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements.

D.H. Scott & Company, LLP, a firm of licensed certified public accountants, have issued an unqualified ("clean") opinion on RABA's financial statements for the years ended June 30, 2014 and 2013. In addition to meeting the requirements set forth in the RABA Joint Powers Agreement, the audits were also designed to meet the requirements of the Transportation Development Act.

Management's discussion and analysis (MD&A) immediately follows the independent auditors' report and provides a narrative introduction, overview, and analysis of the basic financial statements. MD&A complement this letter of transmittal and should be read in conjunction with it.

## - PROFILE OF THE REDDING AREA BUS AUTHORITY -

RABA is a component unit in the City of Redding's comprehensive annual financial report (CAFR). The City provides accounting and administrative staff to RABA. Five members of the Redding City Council, one member of the Shasta County Board of Supervisors, one member of the Anderson City Council, and one member of the Shasta Lake City Council serve on RABA's Board of Directors.

RABA was formed in 1976 by a joint powers agreement (JPA) between the City of Redding and the County of Shasta to provide public transportation services within the Greater Redding Area. Between 1976 and 1981, RABA conducted in-depth studies to determine the type of system that would provide the most cost effective service for the community. RABA began fixed route and demand response public transportation service in November 1981.

RABA currently provides fixed route service using 35-foot and 40-foot Gillig Phantom buses. RABA also uses twenty 23-foot vans to provide demand response service in compliance with the Americans with Disabilities Act (ADA).

The Joint Powers Agreement between the City of Redding and the County of Shasta was amended effective January 1, 1998, to include the City of Anderson and City of Shasta Lake.

From July 2013 to June 2014 RABA provided approximately 828,000 fixed route trips, or about 69,000 per month. The demand response system provided approximately 54,000 trips, or about 4,500 per month.

The Board is required to adopt a final budget by no later than the close of the fiscal year. This biennial budget serves as the foundation for RABA's financial planning and control.

This report presents the financial activity and position of RABA. The financial reporting entity (the government) includes the only fund of RABA, which is a component unit of the City of Redding. Component units are legally separate entities for which the primary government is financially accountable. RABA has no component units.

## - ECONOMIC CONDITION AND OUTLOOK -

The Redding Area Bus Authority's service area centers on Redding, county seat of Shasta County, located at the northern end of the Sacramento Valley, approximately 160 miles north of Sacramento. Redding is a major trade, recreational, and regional center of commerce for several Northern California counties, as evidenced by its many facilities. Support for retail sales is derived from a retail trade area population of approximately 181,000 in the primary trade area and approximately 250,000 in the secondary trade area. The primary trade area consists of the metropolitan urban area, including the cities of Redding, Anderson, and Shasta Lake. The secondary trade area contains the areas of Shasta, Trinity and Tehama counties.

Extracting timber and the processing of wood by-products, together with agriculture, tourism, and government, has historically been the major sectors of employment in the Redding area. Over the last several decades, the area's economic base has diversified to a regional services economy supported by a wide variety of retail and wholesale trade plus medical, educational, recreational, and government services for an area covering several counties.

According to the California Employment Development Department, the unemployment rate for the Redding urban area was 8.6% in June 2014.

Since 1990, the City's population has grown at approximately .1% to 2% per year. The City's population of 91,207 has increased 12.8% over the 2000 U.S. Census tabulation and represents approximately 50% of Shasta County's population. The following table indicates population growth for Redding and Shasta County from 1970 to 2014:

Year	City of Redding		Shasta County	
	Population	Annualized Percent Change over Interval	Population	Annualized Percent Change over Interval
1970	16,659	---	77,640	---
1980	41,995	9.69%	119,449	4.40%
1990	66,432	4.69%	147,036	2.10%
2000	80,865	1.99%	163,256	1.05%
2010	89,878	1.11%	177,248	0.85%
2011	90,050	0.19%	177,516	0.15%
2012	90,342	0.32%	178,107	0.33%
2013 *	90,848	0.56%	178,953	0.47%
2014	91,207	0.40%	179,412	0.26%

## LONG RANGE PLANNING

RABA currently has no plans for major expansion of its system. The long range financial plan for RABA relies on continued Transportation Development Act Funding and other grants in addition to moderate growth in fare box revenue.

### - MAJOR INITIATIVES -

#### Passenger Amenities for the Year 2014-15

Work is ongoing to improve bus stops by adding additional bus benches, shelters, sidewalk connections, crosswalks and other associated concrete improvements throughout RABA's service area using Federal and State Proposition 1B funds to improve accessibility to all of its patrons. All improvements and acquisitions of equipment are in conformance with the Redding Area Bus Authority's Short-Range Transit Plan. RABA elected to postpone installation of the new shelters referenced in the last CAFR, as work progressed on the Short Range Transit Plan and it was determined that several routes would be changing. RABA's contractor is running and confirming the new routes in October 2014, and it is expected that new shelters will be installed once that process is finalized.

RABA continues to work toward retrofitting existing shelters with solar safety lighting.

### Maintenance Facility Improvements

In order to improve security at the maintenance facility, the front office area needed to be separated from the rest of the facility with a security door. As part of this improvement, work continues on the HVAC system for the front desk area.

Work continues on a solar parking shade structure for the buses that will be built in the maintenance facility parking area. The newly constructed facility will protect the buses from solar exposure and allow drivers to prepare the buses for route dispatch while protected from the rain and other elements. In addition, the facility will have solar panels installed on the roof which will provide electricity to the facility thereby offsetting the costs of utilities.

Staff is researching the repair or replacement of the Bus Wash station which is more than 10 years old.

### Downtown Transfer Station

The contract for the Intermodal Expansion was awarded in October 2014, and work will begin to expand the Downtown Transfer Station. This addition will include bathrooms and redesign of the existing driver's area. This will create more room for breaks and will also improve the Greyhound office by adding a separate customer service window. This project is expected to be completed in 2015.

### Masonic Security Improvements

Work has started on the fencing project at the Masonic Transfer Station to increase security and discourage illegal activity at the facility. This project is expected to be completed by spring 2015.

### Property Purchase

RABA's long term goal has been to purchase the block of property bounded by Tehama Street on the north side, Butte Street on the south side, California Street on the east side, and the railroad tracks on the west side. A major milestone was overcome with the purchase of the Mattox property at this location. RABA will continue to lease the property to Bing's automotive and plans to do so as long as Bing's automotive wishes to remain in that location.

### Rolling Stock

RABA has purchased and is scheduled to receive 2 new 35-foot Gillig coaches in December 2014. These vehicles were acquired through the Federal 5307 program and the Proposition 1B state bond program. In spring 2015, work will begin to procure 2 vans to replace older Demand Response vehicles which have exceeded their useful life.

### Technological Improvements

Work is underway to procure Automatic Vehicle Location (AVL) devices for the Fixed Route fleet using Proposition 1B funds previously allocated for this purpose. AVLs are widely used in the transit industry as a way to track where vehicles are in the field and are considered a critical technology for today's transit system. These new units also offer a streamlined user experience, and enhanced voice and data communications. The intended result is better tracking, monitoring, and

on-time performance. This project is expected to be procured by spring 2015 and installed by summer 2015.

- AWARDS AND ACKNOWLEDGEMENTS -

Certificate of Achievement

The Government Finance Officers Association of the United States and Canada (GFOA) has awarded a Certificate of Achievement for Excellence in Financial Reporting to RABA for its component unit financial report for the fiscal year ended June 30, 2013. This was the 27th consecutive year RABA has achieved this prestigious award. In order to be awarded a Certificate of Achievement, a governmental unit must publish an easily readable and efficiently organized component unit financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements, and we are submitting it to the GFOA to determine its eligibility for another certificate.

Acknowledgements

I extend my thanks and appreciation for the cooperation and assistance provided by the members of the Redding Area Bus Authority's Board of Directors for their interest and support in conducting the financial operations of RABA in a responsible and progressive manner. Special recognition is also due to RABA's administrative staff and the contract service provider who made this presentation possible. It is their combined effort that enabled the timely issuance of this report and continued provision of a quality transportation service product.

Very truly yours,

Dennice L. Maxwell  
Director of Finance

**REPORT OF INDEPENDENT AUDITORS**

Honorable City Council  
Redding Area Bus Authority  
Redding, California

**Report on the Financial Statements**

We have audited the basic financial statements of the Redding Area Bus Authority, California (RABA), a component unit of the City of Redding, California (City) as of and for the years ended June 30, 2014 and 2013.

*Management's Responsibility for the Financial Statements*

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

*Auditor's Responsibility*

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### *Opinions*

In our opinion, the basic financial statements referred to above present fairly, in all material respects, the financial position of the Redding Area Bus Authority as of June 30, 2014 and 2013, and the changes in financial position and cash flows thereof for the years then ended in accordance with accounting principles generally accepted in the United States of America.

### *Other Matters*

#### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 13 - 20 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### *Other Information*

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise RABA's basic financial statements. The introductory section and statistical section, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

**Other Reporting Required by *Government Auditing Standards*  
and the Transportation Development Act**

In accordance with *Government Auditing Standards*, the Transportation Development Act, and the Public Transportation Modernization Improvement and Service Enhancement Account (PTMISEA) regulations, we have also issued our report dated December 17, 2014, on our consideration of RABA's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards*, the Transportation Development Act and the PTMISEA regulations in considering RABA's internal control over financial reporting and compliance.

## Management's Discussion and Analysis

### For the years ended June 30, 2014 and 2013

---

As management of the Redding Area Bus Authority (RABA), we offer readers of RABA's financial statements this narrative overview and analysis of the financial activities of RABA for the fiscal years ended June 30, 2014 and 2013. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal, which begins on page 1 of this report

#### Financial Highlights

##### Fiscal Year 2014

- The assets of RABA exceeded liabilities at the close of the fiscal year by \$11.5 million (*net position*). This was an increase of \$487,284 from the previous year and is due to capital contributions of \$1,518,269 less depreciation of \$1,053,464, and a loss on disposal of assets of \$21,706. New capital purchases are paid from capital grants and are capitalized while depreciation and loss on sale of assets are not funded, since the assets are fully funded by capital grants.
- Fixed Route ridership increased by 1.8 percent, or by over 14,000 riders, this year. Demand Response decreased by 3.1 percent or 1,746 riders. Overall operating revenues increased by \$256,306 (24.15 percent) during the year.
- Operating expenses increased by \$184,868 (3.0 percent) during the year. This increase was attributable to purchase transportation increase (4.5 percent), depreciation expense increase (2.3 percent), services increase (17.2 percent), advertising increase (31.4 percent), and utilities increase (11.5 percent). These increases were partially offset by a decrease in vehicle materials and supplies (3.6 percent) due to decreased vehicle fuel costs and other operating expense decrease (21.1 percent). Other operating expenses decreased due to a decrease in the grant funded overall work program.

##### Fiscal Year 2013

- The assets of RABA exceeded liabilities at the close of the fiscal year by \$11.0 million (*net position*). This was a decrease of \$792,799 from the previous year and is due to capital contributions of \$236,742 less depreciation of \$1,029,541. New capital purchases are paid from capital grants and are capitalized while depreciation is not funded since the assets are fully funded by capital grants.
- Fixed Route ridership increased by 7.7 percent, or by over 57,000 riders this year. Demand Response decreased by 2.2 percent or 1,252 riders. Overall operating revenues increased by \$7,044 (0.67 percent) during the year.
- Operating expenses increased by \$150,649 (2.5 percent) during the year. This increase was attributable to purchase transportation increase (1.1 percent), depreciation expense increase (9.1 percent) and other expenses increase (60.8 percent). These increases were partially offset by a decrease in vehicle materials and supplies due to decreased vehicle fuel costs. Depreciation expense increased because several new busses were purchased last year. Purchase transportation increased due to an increase in fixed route use. Other operating expenses increased due to an increase in the grant funded overall work program.

**Redding Area Bus Authority**  
**Management's Discussion and Analysis**  
**For the years ended June 30, 2014 and 2013**

---

**Overview of the Financial Statements**

This discussion and analysis is intended to serve as an introduction to RABA's basic financial statements. RABA's basic financial statements are comprised of four components: 1) statement of net position, 2) statement of revenues, expenses and changes in net position, 3) statements of cash flows, and 4) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

RABA, like other government agencies, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. RABA is comprised of a single proprietary fund. A proprietary fund operates by charging its customer a fee for the service provided (*operating revenue*), like a typical business enterprise. A proprietary fund may also receive revenue from governmental agencies as grants or support (*non-operating revenue*). These *basic financial statements* are designed to provide readers with a broad overview of RABA's finances, in a manner similar to a private-sector business.

The *statement of net position* presents information on all of RABA's assets and liabilities, with the difference between the two reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of RABA is improving or deteriorating.

The *statement of revenues, expenses and changes in net position* presents information showing how RABA's net position changed during the fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of related cash flows*. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., accounts receivable and accounts payable).

The *statement of cash flows* presents information showing how RABA's cash increased or decreased during the year. Cash is received and used in three ways: operating activities, capital and non-capital financing activities, and investing activities. The statement of cash flows can be found on page 24.

The *notes to the financial statements* provide additional information that is essential to a full understanding of the data provided in the basic financial statements. The notes to the financial statements can be found on pages 25-34 of this report.

**Redding Area Bus Authority**  
**Management's Discussion and Analysis**  
**For the years ended June 30, 2014 and 2013**

---

**Financial Analysis**

**Net Position**

Net position may serve over time as a useful indicator of a government's financial position. In the case of RABA, at the end of the fiscal year 2014, assets exceeded liabilities by \$11,517,055.

**Redding Area Bus Authority Net Position**

	<u>2014</u>	<u>2013</u>	<u>2012</u>
Current assets	\$ 5,066,141	\$ 5,065,990	\$ 4,483,760
Capital assets, net of depreciation	10,883,829	10,419,028	11,211,827
Total assets	<u>15,949,970</u>	<u>15,485,018</u>	<u>15,695,587</u>
Current liabilities	4,432,915	4,455,247	3,873,017
Total liabilities	<u>4,432,915</u>	<u>4,455,247</u>	<u>3,873,017</u>
Net position:			
Invested in capital assets	10,883,829	10,419,028	11,211,827
Unrestricted	633,226	610,743	610,743
Total net position	<u>\$ 11,517,055</u>	<u>\$ 11,029,771</u>	<u>\$ 11,822,570</u>

By far the largest portion of RABA's net position, (94 percent), represents its investment in capital assets (e.g., vehicles, buildings, improvements, and equipment). Vehicles and buildings (including construction in progress) make up over 76% of the capital assets at the end of the fiscal year; consequently, these assets are not available for future spending.

**Redding Area Bus Authority**  
**Management's Discussion and Analysis**  
**For the years ended June 30, 2014 and 2013**

---

**Changes in Net Position**

Current year activities increased the Redding Area Bus Authority's net position by \$487,284. In 2013 net position decreased by \$792,799. In years such as in 2014 and 2012, when purchase of capital assets exceeds the current year depreciation and gain or loss on sales of assets, RABA has an increase in net position. Conversely, in years such as 2013 when fewer capital assets are purchased, depreciation exceeds assets purchased and results in a decrease in net position.

Key elements of this increase are as follows:

**Redding Area Bus Authority**  
**Changes in Net Position**

	<u>2014</u>	<u>2013</u>	<u>2012</u>
<b>Revenues:</b>			
Passenger fares	\$ 911,964	\$ 889,096	\$ 883,688
Contract services	334,570	101,096	99,384
Other operating revenue	70,848	70,884	70,960
Transportation Development Act revenue	3,114,355	2,946,248	3,207,126
Intergovernmental revenue	816,339	1,080,236	777,669
Other revenue (loss)	54,553	31,645	(13,909)
Total revenues	<u>5,302,629</u>	<u>5,119,205</u>	<u>5,024,918</u>
<b>Expenses:</b>			
Purchased Transportation	3,251,489	3,110,534	3,075,341
Materials and supplies-vehicles	1,035,492	1,074,221	1,149,469
Depreciation	1,053,464	1,029,542	943,375
Services	620,932	529,568	530,064
Other expenses	372,237	404,881	303,768
Total expenses	<u>6,333,614</u>	<u>6,148,746</u>	<u>6,002,017</u>
<b>(Loss) before capital contributions</b>	<b>(1,030,985)</b>	<b>(1,029,541)</b>	<b>(977,099)</b>
Capital contributions	<u>1,518,269</u>	<u>236,742</u>	<u>2,121,347</u>
Change in net postion	487,284	(792,799)	1,144,248
Net position, beginning of year	<u>11,029,771</u>	<u>11,822,570</u>	<u>10,678,322</u>
Net postion, end of year	<u>\$ 11,517,055</u>	<u>\$ 11,029,771</u>	<u>\$ 11,822,570</u>

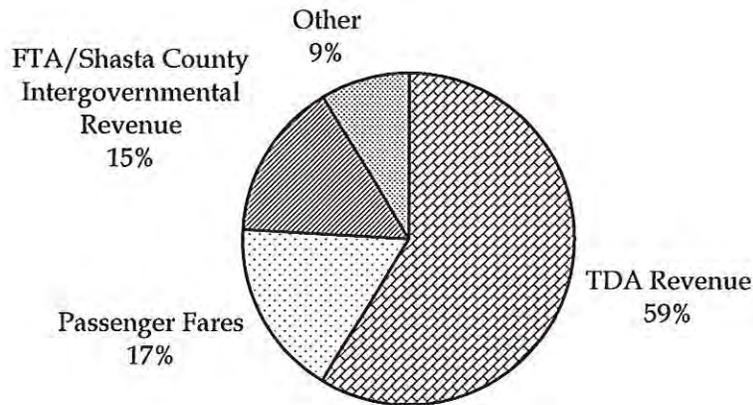

**Redding Area Bus Authority  
Management's Discussion and Analysis  
For the years ended June 30, 2014 and 2013**

---

**Financial Analysis**

Passenger fares for transit services, revenue collected from customers or riders, is approximately 17 percent in fiscal year 2013-14 and 17 percent in fiscal year 2012-13 of RABA's total revenue. The largest proportion of revenue is comprised of State of California Transportation Development Act funds (TDA funds) received through the Shasta Regional Transportation Agency (SRTA). TDA funds come from a ¼ percent state sales tax that is passed through to local governments for transportation needs, allocated from sales tax on gasoline and diesel fuel. TDA funds made up 59 percent (58 percent in 2012-13) of the revenue used for operating RABA in 2013-14. The amount of TDA funds made available to fund RABA's operating costs is calculated annually. TDA funds balance RABA's operating expenses after all other operating revenue has been accounted for. In fiscal years ending 2014, 2013 and 2012, RABA received Federal operating assistance of \$750,000. This grant has reduced the amount of TDA funds RABA required to fund operational needs.

**Revenues by Source**

**Redding Area Bus Authority  
Management's Discussion and Analysis  
For the years ended June 30, 2014 and 2013**

---

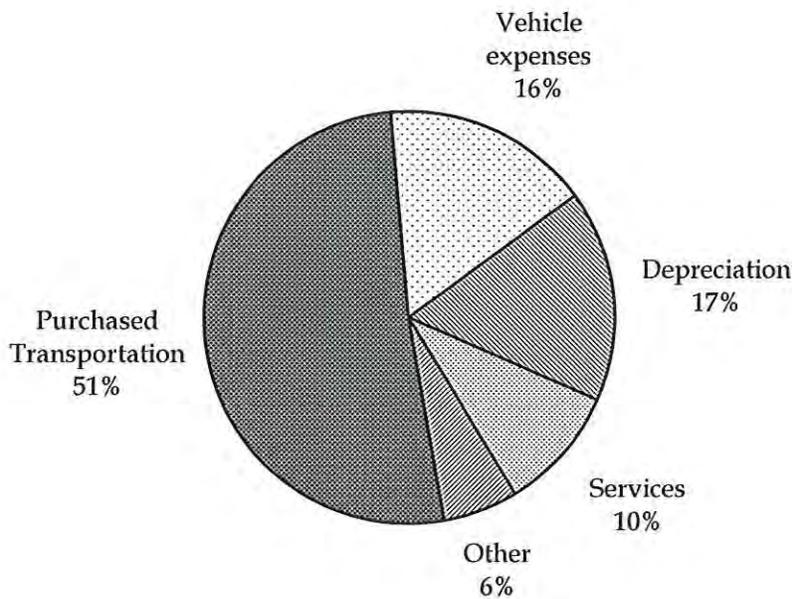

Fiscal Year 2014

RABA's total expenses increased over the prior year by \$184,868. There are three primary reasons for the increase in expenses. First, due to greater use of the fixed route system, purchased transportation costs were \$140,955 higher than the previous year. Second, depreciation expense increased \$23,922 due to the purchase of new buses. And third, services increased by \$91,364. Finally, these three increases were partially offset by decreases in maintenance and fuel costs of \$38,729 and operating grant expenses of \$31,429.

Fiscal Year 2013

RABA's total expenses increased over the prior year by \$146,729. There are three primary reasons for the increase in expenses. First, due to increased use of the fixed route system, purchased transportation costs were \$35,193 higher than the previous year. Second, operating grant related expenses were \$85,674 higher in the current year than the previous year. Third, depreciation increased \$86,167 due to the purchase of new buses in the prior year. Finally, these three increases were partially offset by decreases in fuel costs of \$47,836 and other net decreases of \$7,878.

**Capital Assets**

Fiscal Year 2014

RABA's investment in capital assets (net of accumulated depreciation) as of June 30, 2014, amounted to \$10.9 million. This investment in capital assets includes vehicles, land, buildings, improvements, and equipment. RABA's investment in capital assets increased by \$464,801 during the fiscal year ended June 30, 2014. During the year RABA purchased three new 35 foot transit buses at a cost of \$1,197,333, land at a cost of \$11,976, and security system improvements at a cost of \$10,750. These along with other capital purchases totaled \$1,518,269 in 2013-14. Including depreciation of \$1,053,464, the net result is an overall increase of the investment in capital assets during 2013-14.

Fiscal Year 2013

RABA's investment in capital assets (net of accumulated depreciation) as of June 30, 2013, amounted to \$10.4 million. This investment in capital assets includes vehicles, land, buildings, improvements, and equipment. RABA's investment in capital assets decreased by \$792,799 during the fiscal year ended June 30, 2013. During the year RABA purchased land at a cost of \$37,127, improvements of \$31,590 and security cameras at a cost of \$101,942. These along with other capital purchases totaled \$236,742 in 2012-13. Including depreciation of \$1,029,542, the net result is an overall decrease of the investment in capital assets during 2012-13.

**For the years ended June 30, 2014 and 2013**

---

**Economic Factors**

- ✓ RABA's major source of revenue is Transportation Development Act (TDA) funds. TDA funds come from a combination of ¼ percent state sales tax that is passed through to local governments for transportation needs and a portion of the sales tax attributable to fuel sales. TDA funds in excess of RABA's annual need are reallocated to the sponsoring jurisdictions for transportation and road purposes. Sales tax in the City of Redding has increased by 4.8 percent in FYE 2013 and increased by 4.3 percent in FYE 2014. It is assumed sales tax will increase by about 3.7 percent during FYE 2015; RABA's request in FYE 2015 for TDA funds will be approximately equal to the estimated increase.
- ✓ Prior to 2006 the RABA transit area's annual growth rate was consistently in the 1.5 percent to 2.5 percent range. Since then, with the downturn in the economy, the growth rate has been reduced to less than 1 percent. That lower growth rate is assumed to continue into the fiscal year ending in 2014.
- ✓ The unemployment rate had increased from 7 percent in FYE 2007 to 15.1 percent in FYE 2010 before decreasing to 10.9 percent in FYE 2013. During FYE 2014 the unemployment rate decreased from 10.9 percent to 8.6 percent.
- ✓ Inflationary trends in the region compare favorably to national indices.
- ✓ Ridership on the fixed route system has increased by 1.8 percent in FYE 2014. It is anticipated that ridership will increase in FYE 2015 at approximately the same percentage. RABA's fare box ratio for FYE 2014 was 17.27 percent, which was down from its FYE 2013 fare box ratio of 17.28 percent.

All of these factors were considered in preparing RABA's budget for the 2014-15 fiscal year.

**Requests for Information**

This financial report is designed to provide a general overview of the Redding Area Bus Authority's finances for all those with an interest in the authority's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Director of Finance at the City of Redding, 777 Cypress Avenue, Redding, CA 96001.

**For the years ended June 30, 2014, and 2013**

---

---

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

*A. Reporting Entity*

As required by generally accepted accounting principles, these financial statements represent all the funds of the Redding Area Bus Authority (RABA). RABA is a separate governmental entity formed under a joint powers agreement between the County of Shasta, the City of Shasta Lake, the City of Anderson, and the City of Redding. RABA's governing board comprises members of the governing boards of the County of Shasta and the cities of Redding, Anderson, and Shasta Lake. All five members of the Redding City Council sit on the eight member board of RABA, therefore the voting majority is represented by Redding City Council members. Accordingly, RABA is a component unit of the City of Redding (City). Component units are legally separate entities for which the primary government is financially accountable. There are no separate legal entities that are a part of RABA's reporting entity.

*B. Basis of Presentation*

RABA's financial activity is accounted for under the category of proprietary fund type activity according to generally accepted governmental accounting principles. There are two subcategories of proprietary fund types. These are enterprise funds and internal service funds. All the financial activity of RABA is accounted for in a single enterprise fund.

The purpose of an enterprise fund is to account for operations: (1) that are financed and operated in a manner similar to private business enterprises (the intent of the governing body being that costs of providing goods or services to the general public be financed or recovered primarily through user charges); or (2) where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes.

*C. Basis of Accounting and Measurement Focus*

The activities of RABA are reported in a proprietary fund which is accounted for using the "economic resources" measurement focus and the accrual basis of accounting. In addition, the Uniform System of Accounts for public transit operators as prescribed by the California State Controller calls for accrual basis of accounting. Accordingly, all assets and liabilities (whether current or noncurrent) are included on the Statement of Net Position. The Statement of Revenues, Expenses and Changes in Net Position present increases (revenues) and decreases (expenses) in total fund equity. Under the accrual basis of accounting, revenues are recognized in the period in which they are earned while expenses are recognized in the period in which the liability is incurred.

RABA has elected to follow Governmental Accounting Standards Board (GASB) Pronouncements, and not Financial Accounting Standards Board (FASB) pronouncements after 1989, as presented by GASB Statement Number 20.

**Redding Area Bus Authority**  
**Notes to the Financial Statements, Continued**  
**For the years ended June 30, 2014 and 2013**

---

---

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued**

*C. Basis of Accounting and Measurement Focus, Continued*

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of RABA are charges to customers for transportation services. Operating expenses for RABA include cost of services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

*D. Cash and Investments*

RABA, as a component unit of the City, pools its available cash for investment purposes. RABA's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturity of three months or less from the date of acquisition. Cash and cash equivalents are combined with investments and displayed as cash and cash equivalents.

For the purposes of the Statement of Cash Flows, cash and cash equivalents include all investments, as the City operates an internal cash management pool which maintains the general characteristics of a demand deposit account.

*E. Materials and Supplies Inventory*

The materials and supplies inventory is valued at its average cost. The inventory consists of expendable supplies held for consumption. The cost is recorded as inventory when items are purchased and as expense when the items are used (the consumption method of accounting for inventories). The weighted average method is used for establishing the cost of inventory consumed.

*F. Capital Assets*

Capital assets, which include property and equipment, are reported in the financial statements. Capital assets are defined by RABA as assets with an initial cost of more than \$1,000 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

**Redding Area Bus Authority**  
**Notes to the Financial Statements, Continued**  
**For the years ended June 30, 2014, and 2013**

---

---

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued**

*F. Capital Assets, Continued*

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized.

Capital assets are depreciated using the straight line method over the following estimated useful lives:

Buildings	30 years
Equipment	5 - 10 years
Vehicles	5 - 10 years
Improvements	10 years

*G. Deferred Revenue*

In the financial statements, deferred revenue is recorded when transactions have not yet met the revenue recognition criteria based on the accrual basis of accounting. RABA records deferred revenue for transactions for which revenues have not been earned. Typical transactions for which deferred revenue is recorded are grants received but not yet earned.

Grant revenues and receivables are recorded when earned on grants that have been approved and funded by the grantor. Grant sources include Federal Transit Administration (FTA), State Transit Assistance (STA), Transportation Development Act (TDA) and State Proposition 1B Funds.

*H. Personnel Services*

RABA has no employees. Accounting and administrative services are provided by City personnel. Transportation services are provided by the personnel of an independent transportation company.

*I. Use of Estimates*

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**Redding Area Bus Authority**  
**Notes to the Financial Statements, Continued**  
**For the years ended June 30, 2014, and 2013**

---

---

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued**

**J. Net Position**

In the Statement of Net Position, net position is comprised of three components; net investment in capital assets; restricted; and unrestricted:

Net Investment in Capital Assets - This amount consists of capital assets, net of accumulated depreciation and reduced by outstanding balances of bonds, notes and other debt that are attributed to the acquisition, construction, or improvement of those assets. Deferred outflows of resources and deferred inflows of resources that are attributable to the acquisition, construction, or improvement of those assets or related debt are included in this component of net position.

Restricted Net Position - This amount consists of restricted assets reduced by liabilities and deferred inflows of resources related to those assets. Assets are reported as restricted when constraints are placed on asset use either by external parties or by law through constitutional provision or enabling legislation.

Unrestricted Net Position - This amount is the net amount of the assets, deferred outflows or resources, liabilities, and deferred inflows of resources that does not meet the definition of the two preceding categories.

**K. New Pronouncements**

In 2013, RABA adopted a new accounting standard in order to conform to the following Governmental Accounting Standards Board Statement (GASB):

GASB Statement No. 63, *Financial Reporting of Deferred Outflows of Revenues, Deferred Inflows of Resources, and Net Position* - this statement provides financial reporting guidance for deferred outflows and resources and deferred inflows of resources. It also amends the net asset reporting requirements of GASB Statement No. 34 by incorporating deferred outflows and inflows into the definitions and renaming the residual measure as net position, rather than net assets.

**Redding Area Bus Authority**  
**Notes to the Financial Statements, Continued**  
**For the years ended June 30, 2014 and 2013**

**2. CASH AND INVESTMENTS**

As of June 30, 2014 and 2013, RABA had the following cash and investments:

Investment Type	2014		2013	
	Fair Value	Less than 1 year	Fair Value	Less than 1 year
Deposits	\$ 6,186	\$ 6,186	\$ 19,020	\$ 19,020
Local Agency Investment Fund	3,568,005	3,568,005	3,727,210	3,727,210
Total Cash and Investment	<u>\$ 3,574,191</u>	<u>\$ 3,574,191</u>	<u>\$ 3,746,230</u>	<u>\$ 3,746,230</u>

RABA reports its investments at fair value.

*Interest Rate Risk* - In accordance with its investment policy, RABA manages its exposure to declines in fair values by limiting the average maturity of its investment portfolio to less than one year.

*Credit Risk* - The California Government Code and the investment policy of RABA authorize RABA to invest in obligations, participations, or other instruments of the U.S. Government or its agencies, state and municipal bonds, commercial paper of "prime" quality of the highest ranking or of the highest letter and numerical rating as provided by Standard & Poor's Corporation or Moody's Investor Service, Inc., bankers' acceptances, repurchase agreements, and the State Treasurer's Investment Pool (LAIF).

RABA invests funds in the State Treasurer's Pooled Money Investment Account (PMIA) through LAIF, a voluntary program created by statute in 1977. The PMIA has regulatory oversight from the Pooled Money Investment Board and an in-house Investment Committee. LAIF has oversight by the Local Agency Investment Advisory Board. LAIF is not rated. The fair value of RABA's position in the pool is materially equivalent to the value of pool shares.

In accordance with authorized investment laws, the State Treasurer's Investment Pool (LAIF) invests in various structured notes and mortgage-backed securities, such as collateralized mortgage obligations. As of June 30, 2014, 1.86% (as compared to 1.96% for 2013) of LAIF's investment portfolio was invested in structured notes and other asset-backed securities, respectively.

**Redding Area Bus Authority**  
**Notes to the Financial Statements, Continued**  
**For the years ended June 30, 2014 and 2013**

**2. CASH AND INVESTMENTS, Continued**

Concentration of Credit Risk - RABA has over 99% of its cash invested with the LAIF. In addition to the safety provided by investing in high quality securities, LAIF's policies limit concentration risk by spreading investments over different investment types to minimize the impact of any one industry/investment class and by spreading investments over multiple credits/issuers within an investment type to minimize the credit exposure of the portfolio to any single firm or institution.

Custodial Credit Risk - All bank and LAIF deposits are held in the name of RABA. As a result, RABA had no custodial credit risk at June 30, 2014 and 2013.

**3. ACCOUNTS RECEIVABLE**

	June 30, 2014	June 30, 2013
Accounts receivable balance	\$ 76,865	\$ 44,942

No allowance for doubtful accounts is presented in the accompanying financial statements as management considers all accounts to be collectible. The accounts receivable generally consist of ticket sales and contract transit services which usually are collected within 60 days.

**4. INTERGOVERNMENTAL RECEIVABLES**

Intergovernmental receivables at June 30, 2014 and 2013 were as follows:

	2014	2013
Federal Department of Transportation	\$ 756,677	\$ 750,199
Shasta Regional Transportation Agency	540,055	398,650
Shasta County - OWP	1,023	20,116

**6. INTERGOVERNMENTAL PAYABLES**

Intergovernmental payables at June 30, 2014 and 2013 were as follows:

	2014	2013
City of Redding - Utilities	\$ 5,990	\$ 4,824
Shasta Regional Transportation Agency	624,467	910,668
City of Redding	87,254	171,812
Total	<u>\$ 717,711</u>	<u>\$ 1,087,304</u>

As stated in Note 1, Subtitle H, the City of Redding provides administrative and accounting services to RABA. The costs of such services, plus other occasional costs, are recorded as intergovernmental payables to the City of Redding. Payments are made on those payables as RABA funds become available. At June 30, 2013, RABA received \$910,668 in excess TDA funds. At June 30, 2012 RABA had received \$1,525,775, which were paid back to Shasta Regional Transportation Agency (SRTA) during FY 2012-13.

**Redding Area Bus Authority**  
**Notes to the Financial Statements, Continued**  
**For the years ended June 30, 2014 and 2013**

---

---

**7. PUBLIC TRANSPORTATION MODERNIZATION IMPROVEMENT AND SERVICE ENHANCEMENT ACCOUNT (PTMISEA)**

In November 2006, California Voters passed bond measure 1B (Prop 1B), enacting the Highway Safety, Traffic Reduction, Air Quality, and Port Security Bond Act of 2006. Of the \$19.925 billion of state general obligation bonds authorized, \$3.6 billion was allocated to PTMISEA to be available to transit operators over a ten-year period. These funds may be used for transit rehabilitation, safety or modernization improvements, capital service enhancements or expansions, new capital projects, bus rapid transit improvements, or rolling stock (buses and rail cars) procurement, rehabilitation or replacement.

In fiscal year 2013-14, RABA received an additional \$940,000 in PTMISEA funding. During the fiscal year RABA incurred \$487,815 in qualifying expenditures and earned \$6,341 in interest income. The June 30, 2014 balance in unspent PTMISEA unspent funding was \$3,009,964.

In fiscal year 2012-13, RABA received an additional \$855,000 in PTMISEA funding. During the fiscal year, RABA incurred \$108,476 in qualifying expenditures and earned \$5,812 in interest income. The June 30, 2013 ending balance in unspent PTMISEA funding was \$2,551,438.

**8. DEFERRED REVENUE**

**Transportation Development Act**

Deferred revenue at June 30, 2014 included \$3,357,736 of California Proposition 1B funds received from CalTrans.

Deferred revenue at June 30, 2013, included \$2,907,501 of California Proposition 1B funds received from CalTrans.

**Other Proposition 1B Funds**

In fiscal year 2013-14 RABA did not receive any additional non PTMISEA Proposition 1B funds. During the fiscal year RABA incurred \$9,178 in qualifying expenditures and earned \$895 in interest. The June 30, 2014 balance of non PTMISEA Proposition 1B funds was \$347,769.

In fiscal year 2012-13 RABA received \$307,122 in non PTMISEA Proposition 1B funds. During the fiscal year RABA incurred \$101,906 in qualifying expenditures and earned \$671 in interest. The June 30, 2013 balance of non PTMISEA Proposition 1B funds was \$356,060.

**Redding Area Bus Authority**  
**Notes to the Financial Statements, Continued**  
**For the years ended June 30, 2014 and 2013**

---

---

**9. RISK MANAGEMENT**

RABA's contract operator for both the fixed route service and the demand response service provide public liability and property damage insurance through its agreement with RABA to provide purchased transportation. RABA's administrative and accounting personnel services are staffed by employees of the City; therefore, workers' compensation for these positions is carried by the City. Workers' compensation insurance is administered as a co-insurance plan. The City is self-insured up to \$750,000 with an insurance company co-insuring claims from \$750,001 to \$50 million. Claim payments are charged to the fund that employs the claimant. The estimated liability for pending and incurred but not reported claims at June 30, 2014, has been included in the City's Risk Management Fund's claims payable amount as of June 30, 2014. The employees of the purchased transportation provider are covered by workers' compensation insurance through their employer.

**10. COMMITMENTS AND CONTINGENCIES**

There are no material, pending, or threatened items of litigation, claims or assessments involving RABA as of June 30, 2014, as expressed in the attorney confirmation letter dated December 11, 2014.

RABA has received Federal grants for specific purposes that are subject to review and audit by the Federal government. Although such audits could result in expenditure disallowance under grant terms, any required reimbursements are not expected to be material.

As of December 17, 2014, in the opinion of RABA Management, there were no additional outstanding matters that would have a significant effect on the financial position of RABA.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL  
OVER FINANCIAL REPORTING AND ON COMPLIANCE  
AND OTHER MATTERS BASED ON AN AUDIT OF  
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE  
WITH *GOVERNMENT AUDITING STANDARDS*,  
THE TRANSPORTATION DEVELOPMENT ACT AND THE  
PUBLIC TRANSPORTATION MODERNIZATION IMPROVEMENT  
AND SERVICE ENHANCEMENT ACCOUNT REGULATIONS

Honorable Mayor and Members of the City Council  
Redding Area Bus Authority  
Redding, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities of the Redding Area Bus Authority, as of and for the years ended June 30, 2014 and 2013, and the related notes to the financial statements, which collectively comprise Redding Area Bus Authority's basic financial statements and have issued our report thereon dated December 17, 2014.

**Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered Redding Area Bus Authority's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Redding Area Bus Authority's internal control. Accordingly, we do not express an opinion on the effectiveness of Redding Area Bus Authority's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

### Compliance and Other Matters

As part of obtaining reasonable assurance about whether Redding Area Bus Authority's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

**(PTMISEA)** In November, 2006, California voters passed a bond measure enacting the Highway Safety, Traffic Reduction, Air Quality and Port Security Bond Act of 2006. Of the \$19.925 billion of State general obligation bonds authorized, \$4 billion was set aside by the State of California (State) as instructed by the statute as the Public Transportation Modernization Improvement and Service Enhancement Account (PTMISEA). These funds are available to the California Department of Transportation for intercity rail projects and to transit operators in California for rehabilitation, safety or modernization improvements, capital service enhancements or expansions, new capital projects, bus rapid transit improvements or for rolling stock procurement, rehabilitation or replacement.

During the fiscal years ended June 30, 2014 and 2013, RABA received \$940,000 and \$855,000, respectively, in PTMISEA funding from the State's PTMISEA account. During the fiscal years ended June 30, 2014 and 2013, RABA did earn \$6,341 and \$5,811, respectively, in interest income on unexpended PTMISEA funds of the prior year. The amounts that were verified during the course of our audit are as follows:

Unexpended proceeds at June 30, 2012	\$ 1,799,103
Proceeds received:	
PTMISEA	855,000
PTMISEA - interest income	5,811
Expenditures incurred:	
Maintenance facility	( 108,476)
Unexpended proceeds at June 30, 2013	2,551,438
Proceeds received:	
PTMISEA	940,000
PTMISEA - interest income	6,341
Expenditures incurred:	
Maintenance facility	( 487,815)
Unexpended proceeds at June 30, 2014	\$ <u>3,009,964</u>

In connection with our audit referred to above, we also performed an audit for compliance with the Transportation Development Act, the California Code of Regulations, and the rules and regulations and allocation instructions of the Shasta Regional Transportation Agency, for the years ended June 30, 2014 and 2013. In connection with our audit, we performed, to the extent applicable, the compliance audit tasks set forth in Section 6667 of the California Code of Regulations.

In our opinion, the funds allocated pursuant to the Transportation Development Act were accounted for and expended in conformance with the Transportation Development Act, the California Code of Regulations, and the rules and regulations and allocation instructions of the Shasta Regional Transportation Agency.

#### Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards*, the Transportation Development Act, and the PTMISEA regulations in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
