Redding Electric Utility earns recognition as a Tree Line USA for the twenty-fourth year

Tree Line USA is a national program recognizing public and private utilities for practices that protect and enhance America's urban forests. A collaboration of the Arbor Day Foundation and the National Association of State Foresters, Tree Line USA promotes the dual goals of delivering safe and reliable electricity while maintaining healthy community trees.

Proper tree-care practices benefit customers in numerous ways, including providing cleaner air and water, increasing property values, and improving quality-of-life. Trees also conserve energy and reduce peak demand, a crucial benefit to customers and providers alike. If ever there was a time for trees, now is that time. Communities worldwide are facing issues with air quality, water resources, personal health and well-being, and energy use. Redding Electric Utility is stepping up to do its part. As a result of REU's commitment to ef-

fective urban forest management, REU is helping to provide a solution to these global challenges.

REU's success in meeting Tree Line USA standards (training employees in quality tree-care practices, educating the public about planting trees for energy conservation, and helping homeowners plant appropriate trees near utility lines) not only helps provide beautiful trees for the future, but also yields long-term savings for customers.

Big Trucks, Big Fun, & More at the Redding Library

REV, RUMBLE, & ROAR!

APRIL 14th • 10am-1pm

Redding Library

Speed your way to the Redding Library for Rev, Rumble, & Roar! on Saturday, April 14th from 10am to 1pm. Kids can climb aboard emergency, construction, and military vehicles to see what it is like behind the wheel. This free family event promises to be bigger than last year with dozens of big vehicles filling the library parking lot. Some of the most popular attractions will be back, like the Vietnam-era Huey helicopter, the fire engine, and the special story time aboard a school bus.

Along with all of the big vehicle fun, there will be raffles and free books. It has become one of the biggest events during First 5 Shasta's Week of the Young Child.

Rev, Rumble, and Roar! is made possible through the support of First 5 Shasta and the Shasta County Office of Education. For more information call our Children's Desk at 530-245-7253 or visit www.shastalibraries.org/rev.
