QUOTATION REQUEST
TO CONDUCT TRAINING FOR NFPA 70E ELECTRICAL SAFETY
(Quotation #176458)

CANCELLATION

The Request for Quotations 176458 has been cancelled.

Due to a combination of a family emergency and being short staffed, Purchasing was unable to issue an Addendum which would have provided significant information to assist in understanding the scope of work required for this training.

For this reason we are cancelling this RFQ and will soon be issuing a new and improved RFQ for ArcFlash Training.

We know that the time taken to submit a quote is valuable and we apologize for this unusual occurrence.
