### Common Building Permits for Homeowners

**Have you wondered if a permit is needed for that upcoming home-improvement project?**

Listed below are some of the most common projects that require a building permit:

- Changing a water heater.
- Adding or changing a wood or gas fireplace.
- Adding or changing a wood stove or a gas insert.
- Replacing a roof (including roofing over an existing roof).
- Adding electrical circuits.
- Adding or changing heating and air conditioning units.
- Constructing a patio cover or car port.
- Constructing an accessory building over 120 square feet.
- Adding a room.
- Converting a garage to living space.
- Installing a swimming pool (including above-ground)
- Constructing a deck.
- Adding a window or changing the dimensions of a window.

Can't find your project on the list? Contact the City of Redding Building Division at 225-4013, or stop by and see us at the Permit Center in City Hall, 777 Cypress Ave. We will be happy to assist you in determining if you will need a permit.
