<p>* "Unspecified sources of power" means electricity from transactions that are not traceable to specific generation sources.</p> <p>** Percentages are estimated annually by the California Energy Commission based on the electricity sold to California consumers during the previous year.</p> <p>*** All hydroelectric generation is considered carbon free, however, by California State law and California Energy Commission rules, hydroelectric facilities greater than 40 MW cannot be considered "Eligible" Renewable resources. The City of Redding considers all hydroelectric generation to be "Renewable" and is therefore included here.</p> <p>For specific information about this electricity product, contact the <b>City of Redding Electric Utility at 1-530-339-7300.</b></p>
